6/26/95

Dear Dorothy,

Thanks for your 6/22 and the Globe story. If I remember correctly I sent you a copy of what I wrote on getting the ARRB's release on that business. I am sure it was as a favor to Weiman who did a bad book.

A fine and well-intended fellow who teaches history in high school sent me these envelopes for which I have no place so I'm using them up.

We both look forward to seeing both of you come August as I am sure McKnight also does.

A student of his did a really fine honors paper on the FBI's control of the WC. Almost short-book length, too, and with fine appendix. She has some work to do on the last two chapters that were rushed. I think after that copies may be available. If you and Gerry would like copies, remember it for August.

Best,

Harold
